Single Control Faucets

**Faucets For Lavatory and
Kitchen Applications**

Commercial Quality for Everyday Lavatory and Kitchen Applications.

The solid brass, hand-crafted quality of our products has made Chicago Faucets the preferred choice in the finest universities, hospitals, and corporate campuses around the country. With our 420 and 430 Series faucets, you can bring that same level of quality to everyday applications – physician offices, retail stores, restaurants, offices, and more.

The 420 Series

A durable and affordable option for commercial lavatory installations, the 420 Series combines the durability of solid brass construction with the dependability of a time tested ceramic mixing valve. It features a 4-5/8" C-C integral spout with three water conserving outlet options. Available with a pop-up drain assembly.

- Solid ECAST® brass body construction for unmatched durability
- 4-5/8" C-C integral spout with three water conserving outlet options
- Ceramic mixing cartridge for dependable performance
- Temperature limit stop for added safety
- Available with pop-up drain assembly

Vandal Resistance

Temperature-indexed metal handle with concealed screw prevents tampering.

Superior Leak Prevention

Sturdy gasket installs easily and seals tight to the deck.

Superior Performance

Long-lasting brass shanks are epoxied to the faucet at the factory.

Meet Any Application

Outlets available with .35 GPM to 1.5 GPM flow rates, laminar or spray, and vandal-resistant or standard connection.

Fast, Easy Installation

Locknut with integral flange attaches quickly to pre-installed shanks; tapered inlet features standard 1/2" NPSM threads.

420 Series Models

GPM	Flow Type	Features	Model Number
.35	Laminar	–	420-E39VPABCP
0.5	Spray	–	420-E2805ABCP
1.5	Laminar	–	420-ABCP
1.5	Laminar	With Pop-Up	420-POABCP

ECAST

ECAST, from Chicago Faucets, is the line of durable, high-quality brass faucets and fixtures that are designed and manufactured with one quarter of one percent (0.25%) or less total lead content by weighted average. Available on certain models. Refer to chicagofaucets.com for the most current information.

The 430 Series

Chicago Faucets brings commercial quality to the everyday kitchen sink with the new 430 Series. Available for single hole and 8" centers installation, the 430 Series features durable, solid brass construction and a trouble-free ceramic mixing valve. It features a 9-1/2" C-C integral spout with a 1.5 GPM water conserving outlet. The all metal, vandal resistant handle combines convenience with long-lasting durability.

- Solid ECAST® brass body construction for unmatched durability
- Ceramic mixing cartridge for dependable performance
- Temperature limit stop for added safety
- CALGreen compliant

Vandal Resistance

Temperature-indexed metal handle with concealed screw prevents tampering.

Saves Water

1.5 GPM outlet meets stringent water conservation requirements, including CALGreen.

Easy, Flexible Installation

Brass mounting shank and included hardware attach quickly to a wide array of deck thicknesses.

Simple Supply Connections

Built-in 3/8" O.D. copper supply tubes connect easily to standard supply lines.

430 Series Models

GPM	Flow Type	Features	Model Number
ECAST® Models			
1.5	Spray	Single Hole	430-ABCP
1.5	Spray	8" Cover Plate	431-ABCP
1.5	Spray	8" Cover Plate and Side Spray	432-ABCP

The Smart Choice For Everyday Kitchen and Lavatory Applications.
