CHICAGO FAUCETS ®

Geberit Group

EQ® Series

Meet **the next generation** of touchless faucets.

TempShield®

Available with integrated ASSE 1070
compliant scald protection**

## The **Next Generation** of touchless restroom faucets.

We took what we know about building the highest quality commercial faucets in the world and combined it with advanced electronics. The result? EQ® Series, the next generation of touchless faucets: easy to install, easy to operate, and easy to maintain.

Durable Construction

Heavy-duty, one-piece solid brass spout and waterproof electronics.

Optional Long Term Power Supply uses a lithium ion cell to provide maintenance-free power for **15 years or more.**

LTPS
Long Term Power System

Versatile Design

Choose AC, DC, LTPS or SSPS to power the faucet.

Smart Outlet

Integrates electronics module, sensing eye, and aerator for a clean look and dependable operation.

Designed For Easy Installation

Braided stainless steel hose and electronics cable pre-installed for simple plug-and-play installation.

Compact Control Box

The EQ control box houses everything needed for operation including power, solenoid, mixing valve, and supply.

Pick a style and finish
that work **best for your restroom.**

Choose from two distinct spout styles in a choice of polished chrome or brushed nickel finish. Options available with a 4″ or 8″ cover plate.

Enhance safety, meet codes, and save time with integrated scald protection.

TempShield®

The available integrated ASSE 1070 thermostatic protection eliminates the need for a separate valve, helps meet codes, and reduces installation time.**

Codes & Standards

ASSE 1070 Certified*	Certified to NSF/ANSI 61, Section 9
ASME A112.18.1/CSA B125.1 Certified	

ICC ES LOW LEAD PMG   ICC ES PMG

Complies with ADA requirements as specified in the Americans with Disabilities Act.

*Products featuring integrated thermostatic protection only
