Glass Fillers

Durable, Reliable, and Convenient

Glass Fillers

A whole new level of durability, reliability, and convenience.

Chicago Faucets glass fillers are designed for applications that require a stylish, durable, and reliable glass filler in an economical package. Made from low-lead brass to meet state and federal laws for the reduction of lead in drinking water, our deck- and wall-mounted fillers set up in minutes and provide years of trouble-free operation.

Flexible

Single-hole deck- or wall-mount models available. Deck-mount model available in tall (9") or short (5.5") versions.

Durable

Chrome-plated, solid brass body and heavy-duty metal lever with rubberized coating to protect fine glassware.

Reliable

All-brass piston valve with easy access for simple maintenance; flow volume adjustment fine tunes flow for varying water pressures.

Easy to Install

One-piece riser/shank includes a standard 1/2" NPSM thread; deck flange threads onto inlet shank for secure placement; all mounting hardware is included.

The strong and sensitive type.

Chicago Faucets Glass Fillers are tough, yet gentle. Their solid brass body and heavy-duty metal lever withstand the toughest jobs while the rubberized coating is gentle enough to protect the finest stemware.

Glass Fillers

Model	Mixer
312-ABCP	Wall Mounted Glass Filler
712-ABCP	Deck Mounted Glass Filler, Tall
714-ABCP	Deck Mounted Glass Filler, Short
